PRELIMINARY COMMUNICATION

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

The instant application has been filed with claims 1-30 which have been drafted to be consistent with U.S. practice. The claims are tailored to encompass the currently contemplated embodiments of the claimed invention for reasons related to business considerations and commercial competition rather than being narrowed for a reason related to patentability.

In the event that the Patent Office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Assistant Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing docket no. **273012011700**. However, the Assistant Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.

Respectfully submitted,

Dated: May 8, 2001
